# Workshop APPLIED MATHEMATICS METHODS AND MODELING

University of Craiova  
Faculty of Sciences  
Craiova, A.I. Cuza 13, 200585,  
Dolj, Romania

WAMMM is a scientific meeting promoting the Applied Mathematics and their use in solving challenging real-world problems.

The aim of the event is to gather together young researchers and experienced researchers dealing with applied mathematics and to provide a space for discussions and exchange. During this scientific meeting, the young participants will have the chance to present their ideas and interact between them but also to be informed about new achievements in applied mathematics.

Special session: Mathematical modeling in contact mechanics.

*Dedicated to Professor Mircea Sofonea on his 60th birthday*

MAY 7-8  
2017

#### Important dates

Deadline for registration and abstract submission: 01.03.2017

Final announcement: 10.04.2017
